

**REMARKS**

The present application has been amended in response to the Examiner's Office Action to place the application in condition for allowance. Applicant, by the amendments presented above, has made a concerted effort to present claims which clearly define over the prior art of record, and thus to place this case in condition for allowance.

Specifically, claim 1 has been amended such that it is effectively claim 6, re-written in independent form; claim 29 has been amended such that it is effectively claim 34, re-written in independent form; new claim 35 is effectively original claim 11, re-written in independent form; and new claim 36 is effectively original claim 12, re-written in independent form.

Should the present claims not be deemed adequate to effectively define the patentable subject matter, the Examiner is respectfully urged to call the undersigned attorney of record to discuss the claims in an effort to reach an agreement toward allowance of the present application.

Respectfully submitted,
